

Keys2Home Pathway Program – Applicant FAQ

What is Keys2Home?

Keys2Home is a structured homeownership readiness and housing access program designed to help participants understand where they are, what steps to take next, and how to prepare for future homeownership.

Who is Keys2Home for?

Keys2Home is designed for individuals and families who want guidance, structure, and professional support as they work toward becoming mortgage-ready and homeownership-ready.

What makes Keys2Home different from a homebuyer class?

Keys2Home is not a one-time class. Participants receive personalized guidance, a customized action plan, access to housing professionals, and ongoing support through a designated program specialist.

What support do participants receive?

Participants receive a Personalized Homeownership Action Plan, lender guidance, credit repair support, housing counseling, and a designated program specialist.

What is a Personalized Homeownership Action Plan?

It is a customized roadmap outlining your next steps toward homeownership, including guidance on credit, income, savings, and timeline based on professional review.

Does Keys2Home help with credit?

Yes. Participants are connected with trusted credit repair partners who help identify barriers and provide steps to improve credit when needed.

Does Keys2Home guarantee a home or loan approval?

No. Keys2Home does not guarantee housing placement or mortgage approval. The program provides education, guidance, and readiness support only.

How long does the program take?

Program timelines vary depending on individual readiness. Some participants move quickly, while others require additional time to complete their action plan.

Is Keys2Home a nonprofit?

Keys2Home is a for-profit program that provides structured education, professional guidance, and coordinated support.

How do I get started?

Getting started begins with completing an application and attending a Keys2Home orientation session to determine readiness and next steps.
